**Lakewood Ranch Community Development District 6
Public Access Protocol**

The Lakewood Ranch Community Development District 6 ("CDD 6"), a local unit of special purpose government, intends to acquire title by dedication to certain roads and roadways located within the boundaries of CDD 6. This public access protocol applies to all security control devices, guard gates, and other such items to be located within the CDD 6. This public access protocol applies to all subdivisions located within the CDD 6. The public access protocol includes the following:

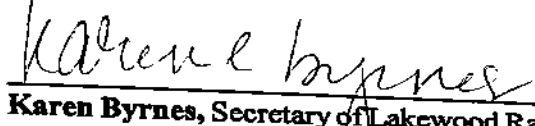

1. **Objective.** The CDD 6's objective is to implement security control procedures in accordance with Section 190.012 (2) (d), Florida Statutes, and pursuant to Chapter 120, Florida Statutes. The CDD 6 Board of Supervisors requested and obtained a special power for security, including, but not limited to, guard houses, fences and gates, electronic intrusion-detection systems and patrol cars, as more fully set forth in Ordinance #04-49, dated May 4, 2004.
2. **Public Access.** Public access will be provided to all individuals and vehicles which desire access over the streets and roadways owned and controlled by the CDD 6. Public access will not be denied by CDD 6 policy or personnel. **Public access shall be permanently available on a continuous, twenty-four (24) hour and seven (7) day a week basis.**
3. **Security Control Procedures.** Personnel employed by the CDD 6 may man the guard house(s) as identified on the approved final site plan for the property within the boundaries of CDD 6 and intend to employ the following security control procedures, including:
 - A. Stopping all incoming vehicles, except for those containing a CDD 6 issued bar code scanner or other electronic device approved by the CDD 6.
 - B. For all vehicles stopped by CDD 6 personnel at the guard house, CDD 6 personnel may request information, on an optional basis, as to the intended destination of the individual and/or vehicle. The requested stop will be professional, brief and non-intrusive.
 - C. Electronic imaging systems may photograph the vehicle and the vehicle's license plate.

Approved this 10th day of June, 2004.
